

The basement at the First United Methodist Church is getting a face lift this summer. What this means for the Youth Group is more room in the main area. There is carpet on the floor now which makes it more comfortable to sit on to play games, talk, etc. They can use this room to sleep in for our lock ins!

There is a stage that they can do karaoke on or have a band. Guest speakers can also make use of the room and stage. There will be better lighting, new paint to brighten the area, and doors that we can now close to separate the main area from the kitchen so it will be quieter.

The kitchen has a new counter top that we are able to put stools around . There is carpet on part of the floor, new paint and cupboards.

The youth office got 3 windows put in so when we are having study tables , Sunday School or any meeting we will be able to monitor the Youth in the main area. We also got new paint and carpet.

The cost of the remodel is covered partially by a generous donation from the J.S. Heidbreder Youth Foundation with the remaining cost covered by donations from all of the groups that use this area.

The remodel will have a direct impact on all the groups who use the basement and although J.S. Heidbreder Foundation will cover quite a bit of the remodel, it will not cover all of the expenses. Rather than trying to fit in a fundraiser where you will spend time and energy during this busy time of year, we thought it would be easier to simply ask a monetary donation.

[Click here](#) – for additional details and to donate to the remodel. Include this with the check or cash in an envelope and mail it to FUMC 1200 South St Castle Rock, Co 80104. Checks should be made out to the J.S. Heidbreder Youth Foundation. Any amount of donation is greatly appreciated and is tax deductible.

Thank You Very Much,
Teresa Reed
